Christmas will be upon us in no time at all..... Where has this year gone? Spring already!

What started out as a slow year of casting for film and television looks as though it will end up extremely busy with the casting of the "Wolf Creek" the TV series. There are also a number of TVC's, short films and corporate projects.

Essential Talent agency is preparing to be run off their feet with Christmas bookings. There are many Santa's arrivals to co ordinate, shopping mall entertainment and then there are over 200 Santa's, Mother Christmas & elves to coordinate over the 6 weeks lead up to Christmas.

It's great to hear the tutors have already begun work on the end of year performances. This is where the students really get to demonstrate what they have been working on all year.

I'm looking forward to an exciting Christmas season at Actors Ink & Essential Talent.
